LAKESIDE BENEFactor—A big strong two-year-old, he is a half brother to our champions in this sale the past two years. His dam is a member of our most dependable Nonpareil tribe. She was grand champion at 1963 Michigan State Fair. We have used Benefactor on some of our best females. Slightly foundered as a yearling, he does not move with complete freedom; however, with proper exercise he gets around very well and has been a sure breeder. We offer him with complete confidence.

GLOSTER RETURN—A well-balanced, dark red two-year-old bull with good bone, is ready for heavy service. He has been in our show herd the last two years and stood up well at Springfield as a senior calf. A great grandson of Leveldale Basis, he should make a good herd bull.

The senior get-of-sire by Calrossie Diadem has been first at the Illinois, Kentucky and Michigan State Fairs this year. The senior get by Diadem was first at eleven major shows in the last two years and was the 1965 All-American get. Lot 4 is a half-brother to these winners.

TEMPEL JANSEN—He was grand champion bull at the 1966 Wisconsin State Fair. This one shows a lot of quality, quarter, and smooth flesh. He moves well and shows an abundance of character. One of the first bulls to sell sired by Louada Jason, 1963 International reserve grand champion and All-American junior bull calf. His dam is a Victoria by Kinellar Refiner that left some good breeding females.

LOUADA BROADSWORD did a great job in the herds of P. T. Franklin, Clio, Mich., and George McLachlan & Son, Evart, Mich. He sired the champion pair at the Best of Midwest show and sale in both 1964 and 1965. Three of his sons and daughters sell.

NAPOLEON DEBONAIR—He looked exciting the day he was born—a husky rugged calf with the earmarks of a stock bull. He was among the first half dozen calves by Gallant Napoleon and has helped prove him a great young stock bull. Three calves by him at 1965 Ohio State Fair won two firsts and one third. Debonair wasn't shown until this year when he was reserve grand champion at the Ohio State Fair. A study of the bulls in his pedigree would give you hope of something special. Debonair's mother has had four calves and they have all been way above average. Her dark roan bull calf this year looks extremely promising. Steer shows and meats men demand more muscle and red meat. We think this calf follows this pattern for the future. He is naturally thick with an abundance of muscle and a minimum of fat. We are confident he can work improvement in many herds and make friends for us and the breed. Herd accredited for TB and Bangs.

BILMAR QUEEN OF BEAUTY 21st—Only one other Queen of Beauty by Calrossie Diadem has ever been sold. She was the \$3,000 top of our 1964 Bilmar Bonanza sale. This heifer is a three-quarter sister and equally as good, if not better. The sale manager insisted on our very best and here she is. With the buyer's permission, we would like to reserve show rights. Calfhood vaccinated. Herd accredited.

ASHBOURNE WATERLOO PEG—This heifer is very deep and thick. Since we had a number of good heifers of this age, she was not shown, but she certainly could be . . . and with good results. Her pedigree insures prepotence with its crosses of Bapton Constructor and Uppermill Leopold. This combination could mean a top brood cow.

PARAGON NONPAREIL GLADYS—Is a broody young lean heifer by one of Bapton Constructor's great sons, Tutira Paragon, that was reserve junior champion at the International one year and reserve grand champion at Eastern National. A glance at her pedigree indicates many good bulls and breeders. We purchased the foundation cow in a Greenwood sale for \$1,450. Arnold and Brooks have been very happy with a member of this family they purchased from us a few years ago. She is bred to be a brood cow. Calfhood vaccinated. Herd accredited for Bangs and TB.

STANDARD GUARANTEE

Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.

INFORMAL DINNER

An informal Dutch-treat dinner will be held the night before the sale in the Holiday Inn, Aurora, Ill. The social hour begins at 6 p.m. with buffet dinner from 7 to 8 p.m. Reservations are not necessary, but it would help in our planning if you would notify the sale manager of the number in your party.

The Aurora Holiday Inn is also sale headquarters for the Melbourne Farm Sale to be held November 7 in Big Rock, Ill. Both Melbourne and "Best of Midwest" sales are about a 20 minute drive from the Holiday. Make reservations direct to the sale manager or to the motel.
